Phenols - Isopropyl alcohol - Formaldehyde - Phthalates - Bleach - Perchloroethylene

These are poisonous to animals, especially cats.

If so, are you willing to not use these products?

*****NOTE*****

Each animal in our program has gone through an assessment prior to being placed into a foster home. It's important to us that you, the other people in your household, and any other pets that may be in your household, are not uncomfortable or at risk at any time, as a result of taking on a foster for The Last Chance Cat Ranch. Fostering is usually for the time period the animal is in care up to adoption. Shorter foster situations are possible in some situations. The Last Chance Cat Ranch tries to avoid an animal being placed in several foster homes as this can cause stress, instability issues, and such. All costs involved (food, supplies, veterinarian costs are covered by The Last Chance Cat Ranch); although some foster homes do supply food & treats as a form of donation.

PLEASE LET US KNOW ABOUT ANY SPECIAL CIRCUMSTANCES OR CONCERNS IN THIS AREA OF THE FORM.
